## **2. BACKGROUND TO THE COMMISSION'S INVESTIGATION AND FINDINGS**

2.1. On 05 July 2017, the Commissioner initiated a complaint in terms of section 49(B)(1) of the Act whereby it is alleged that the respondents entered into an agreement and / or engaged in a concerted practice to fix the price of resins and certain ancillaries and divide the market by allocating customers in contravention of section 4(1)(b)(i) and (ii) of the Act. In addition, in isolated instances there were discussions between representatives of NCS and Scott Bader in relation to the supply of catalysts to certain specific customers.

2.2. The Commission's investigation under Case No. 2017Mar0021 revealed the following:

2.2.1. During the period from approximately 2012 to approximately August 2016, the respondents agreed to fix the price of resins, ancillaries and catalysts and divide the market by allocating customers.

2.2.2 During this period, certain employees of the respondents regularly exchanged prices and customer information which they used to determine prices at which they sell resins, ancillaries and catalysts to their mutual customers, as well as determine future price increases of resins and ancillaries and catalysts.

2.2.3 In addition, the respondents also agreed to not supply customers which had overdue accounts with either or both respondents,

2.2.4 Further, the respondents agreed not to target each other's potential
