2 BACKGROUND

2.1 On 1 September 2009, following the receipt of applications for immunity in terms of the CLP, the Commission initiated a complaint in terms of section 49B(1) of the Act into particular prohibited practices relating to conduct in respect of numerous construction projects, by the firms listed below. The complaint concerned alleged contraventions of section 4(1)(b) of the Act with regard to price fixing, market allocation and collusive tendering. The investigation was initiated against the following firms: Stefanutti Stocks Holdings Limited, Aveng (Africa) Limited, Group Five Ltd, Murray & Roberts, Concor Ltd, G. Liviero & Son Building (Pty) Ltd, Giuricich Coastal Projects (Pty) Ltd, Hochtief Construction AG, Dura Soletanche-Bachy (Pty) Ltd, Nishimatsu Construction Co Ltd, Esorfranki Ltd, VNA Piling CC, Rodio Geotechnics (Pty) Ltd, Diabor Ltd, Gauteng Piling (Pty) Ltd, Fairbrother Geotechnical CC, Geomechanics CC, Wilson Bayly Holmes-Ovcon Ltd and other construction firms, including joint ventures.

2.2 The Commission's investigation of the above complaint, as well as several other of the Commission's investigations in the construction industry, led the Commission to believe that there was widespread collusion in contravention of section 4(1)(b)(iii) of the Act in the construction industry. Accordingly, in line with the purpose of the Act as

well as the Commission's functions, the Commission decided to invite construction firms that were involved in collusive conduct to settle on favourable terms. The Invitation was published on the Commission's website on 1 February 2011. This was also done in the interests of transparency, efficiency, adaptability and development of the construction industry, the provision of competitive prices, as well as in order to expedite finalisation of the investigations, under a fast track process. The Invitation specifically provided that it was open to firms to also apply for leniency in terms of the CLP.

- 2.3 In response to the Invitation and in terms of the Commission's CLP, WBHO was first to apply for leniency in respect of the conduct described in paragraph 4 below.

3 CONDITIONAL IMMUNITY

- 3.1 The Commission granted WBHO conditional immunity from an administrative penalty before the Tribunal for its involvement in the prohibited practices described in paragraph 4 below.
- 3.2 In exchange for conditional immunity, WBHO, inter alia, agreed to cooperate with the Commission in respect of any steps that the Commission may deem necessary to obtain an order from the Tribunal declaring the conduct set out in paragraph 4 below to be a contravention of section 4(1)(b)(iii) of the Act.
- 3.3 The firms that had been implicated by WBHO, through the Invitation, have settled the projects set out in paragraph 4 of this Consent

Agreement.

3.4 In order to discharge its mandate of ensuring that findings are obtained against all participants to a cartel, the Commission sought to conclude consent agreements with the leniency applicants at the conclusion of the fast track settlement process. This was done in order to safeguard and preserve the rights of affected third parties to bring civil damages claims against the leniency applicants.

3.5 In line with the above, the Commission engaged in settlement negotiations with WBHO. However, the parties were not able to conclude a consent agreement relating to these projects. As a result, the Commission referred WBHO's conduct set out in paragraph 4 below to the Tribunal on 17 February 2016.

3.6 Following the Commission's Complaint Referral, WBHO approached the Commission with a view to engage in negotiations in order to settle the matter. This Consent Agreement is the result of the resumed negotiations between the Commission and WBHO.
